To whom it may concern,

As a Project Coordinator for Melvin Simon & Associates on the mixed-use facility known as the Fashion Mall in Plantation, Florida, I have had the opportunity of working with Don Vanderlinde Jr. on multiple contracts. I have always found this contractor to be completely reliable, quality minded, and fair. The numerous contracts he has successfully completed are too lengthy to list. His work has always spoken for itself, and I would not hesitate to call on him, or recommend his ability.

Sincerely,

Paul R. Bentschner
Project Coordinator
